

ROOFING & CLADDING SYSTEMS FOR AGRICULTURE

HoardBoard 35mm Twinwall PVC panels are strong and durable. Resistance to water and chemicals make these robust panels the ideal solution for lining the walls in pig buildings and other livestock sheds.

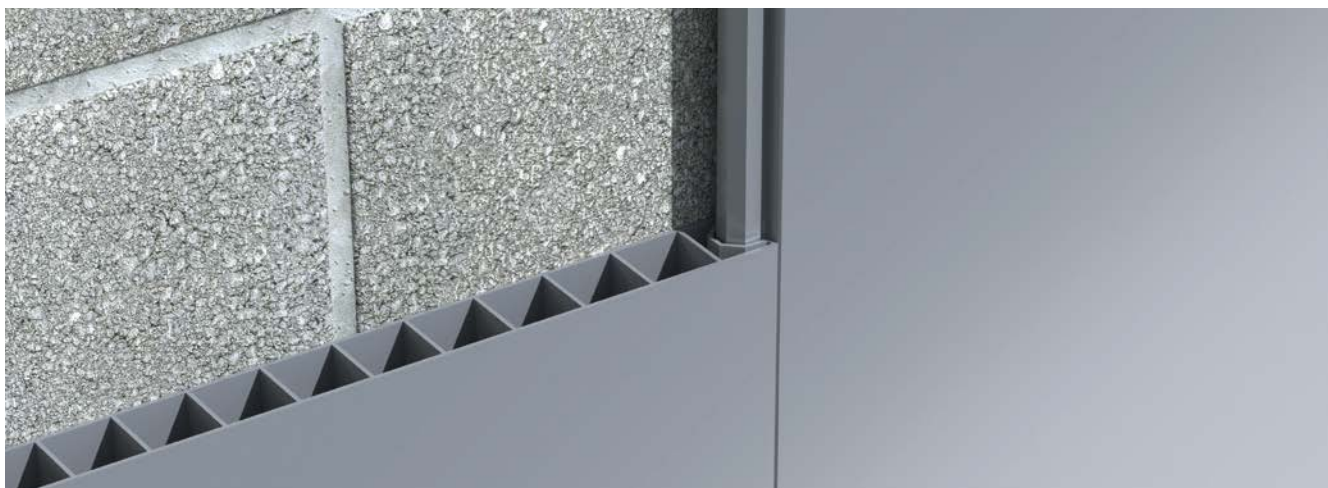

HoardBoard

PVC wall panels for pig buildings

“HoardBoard is an ideal solution for lining the internal walls of pig buildings. The smooth surface is easy to clean and doesn't corrode in the harsh internal environment in the shed.”
Pig Farmer

HoardBoard

35mm Twinwall PVC Wall Panels

- Impact resistant PVC wall panels
- Smooth surface for easy cleaning
- Will not rust or corrode
- Panels click together for easy installation
- Can be bonded or point fixed
- Moisture and mold resistant

HoardBoard 35mm Twinwall panels have been developed from durable and impact resistant PVC.

The chemical and water resistant panels have a smooth surface providing the ideal hygienic wall liner panel to create a sanitary environment in pig buildings and other live stock sheds.

The smooth surface of HoardBoard is easily cleaned with a high power pressure washer. The panels will not rust or corrode saving on costly repairs.

HoardBoard panels are extruded with an interlock so the panels simply click together for fast installation and can either be bonded or point fixed to the wall.

Roofing & Cladding

**Marlon
CST Heatguard**

Heat Reflective Polycarbonate Rooflights

Provides high levels of natural light through the roof without the heat build up associated with transparent glazing.

**Marlon
CS**

Corrugated Polycarbonate Sheet

Known for its superior strength and high levels of glass-like optical clarity. Used as a complete roof covering or with corrugated metal roofing and cladding systems.

**Marlon
ST**

Multiwall Polycarbonate Sheet

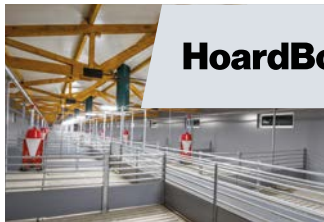

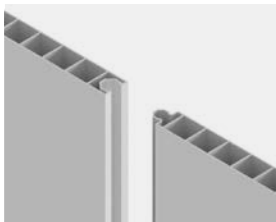

Provides thermal insulation in addition to the strength and durability of polycarbonate. Ideal for rooflights and vertical glazing.

**Marlon
Instalite E40**

Polycarbonate Industrial Rooflight

Thermally efficient extruded polycarbonate rooflights with a core thickness of 40mm seamlessly integrates with composite panel roofing systems in wide span metal frame buildings.

HoardBoard

PVC Wall Liner Click Panel

Impact resistant PVC wall panels that click together for easy installation. Smooth surface for easy cleaning is also moisture and mould resistant.

**Marvec
CS Agri**

Corrugated PVC Liner Sheet

A chemically resistant and durable interior cladding for walls and ceilings of agricultural buildings. Provides a smooth surface for ease of sanitary maintenance.

**Marvec
FS**

PVC Hygienic Cladding Sheet

An economical solid PVC sheet for cladding walls and ceilings of farm buildings. The satin finish provides a super tough and clinically clean finish. Accessories available.
